Total 33 Competitors

Column Explanation

- Time** Actual time on the course
- Time Lost** The Time lost by those competitors who went to control 1 then 2. Calculated by Time to 1 + Time to 2 - 1 minute
- Adjusted Time** The Adjusted time for these competitors
- Raw** The Total number of points collected. 2 points for each of the line course controls. Not including control 1. Total possible 45
- Awarded** The controls I believe the competitors who lost time going to control 1, would have got with that extra time
- Time added** How long it would have taken them.
- Final Time** Total time it would have taken them to get the extra controls
- New Total** The adjusted total
- Penalty** 1 pt penalty for each minute late or 1 pt bonus for each minute if all controls collected within time.
- Total** Total score
- Score %** Percentage of winning score
- Womens %** Percentage of winning female score
