This turnoff will be signed but please slow down approximately 1.25km from Buckets Way turn and to slow down any following traffic as it is a 100km/h zone.

**Area B** – Turn left at this initial sign (1.75km past the Italia road turn off) and then immediately right. Travel approximately 750m and park around the old rest area.

**Courses:** See table. Course lengths are set as per the standard NOY courses.

If you feel that the available courses for your age class are not what you want, please note that you are welcome to enter whatever course best suits your needs and abilities. This may mean you would not be doing a "championship" course. It is better to do a course of a length and difficulty which enables you to complete it in a reasonable time, while still providing a mental and physical challenge.

All "A" courses will produce appropriate age champions. "B" courses produce course winners.

The **Long Red** should also be regarded as an Open Course and the fastest male - regardless of age - is the HV Mens Champion.

The **Medium Red**, for women, is the Open Womens Course - and the fastest female - regardless of age - is the HV Womens Champion.

### Orienteering star breaks through the pain barrier

*From Newcastle Herald 04 May, 2010*

ORIENTEERING up and comer Joshua Blatchford had not expected anything brilliant on his first race back from corrective surgery on both legs. But the 18 year old soon forgot his plan to take it slow at a national junior event held in Canberra over Easter. The result was selection to represent Australia at the Junior World Orienteering Championships in Denmark in July.
